FOR IMMEDIATE RELEASE

Access Controls International Offers a Line of Rapid Deployment Detection Equipment with Long-Range “Wireless” to a Portable Central

May 30, 2000, New York – Access Controls International, a leading developer of security technology systems and products, offers our RMD-LR, an infrared motion detector with a range of 350 feet. It contains a short-range receiver for automatic shunting and a long-range transmitter which trips in alarm mode. Signals are sent to an RDC-10 portable receiver/laptop contained within a suitcase. Signal range is up to 10 miles. Units come complete with tripod, battery, charger and solar panel.

For more information contact ACI Sales at 1-888-810-6060.
