

# ROUND STANCHIONS

**DESCRIPTION:** Attractive, low-cost posts for use supporting housings or component mounting plates used at vehicular and pedestrian access points. Round stanchions have NPT 1-1/4" or NPT 2" thread for mating with housings and couplings. Anchor bolts (not included) are generally used to mount stanchions to a concrete surface. A baseplate cover is provided with each stanchion to conceal the installation hardware.

**ORDERING GUIDE:** Round stanchion part numbers have the form, SnRddhh, where n=1 for 1-1/4" pipe, n=2 for 2" pipe, dd is the projection forward from the center of the base, and hh is the height (in inches, +/- 0.5"). All stanchions are sandblasted and zinc plated. To order, specify the basic part number, followed by the finish option codes, as desired.

## FINISH OPTION CODES

**FINISH:**            WPC (White Powder Coat)            BPC (Black Powder Coat)            SF (Special Finish)

**Example: S1R1235-WPC**

This is a 1-1/4" pipe stanchion, 35" high, with a 12" forward extension, and white powder coat finish.

**PRICING INFORMATION:** The list pricing shown below include stanchion, baseplate cover, and indicated finish. \*Please consult factory if special finishes are desired.
